Cafe - For Rent - Valletta

Previously called The London before the arrival of the American sixth fleet in the 60s, this was another dodgy bar with wayward overtones. Its current layout has been altered to accommodate increased space on the first floor leading to its outdoor stage .This will be the quintessential cultural spot of the street - with two stages (one internal & one external) set to be hype of the artistic program. We imagine it to be a very intimate venue, with live music, cabaret & theatre entertaining not only its patrons, but also the entire stretch of the street via its outdoor stage. Its artistic curator- ship will be just as important as its interiors and its menus, and its inter- nal layout will be designed with performers & audience in mind. Apart from dark and suggestive interiors, its success will depend on smart acoustics, dramatic lighting and, of course, a good sound system. set in renown Street in the City 150 sqm.
