Townhouse - For Sale - Mosta

Mosta (UCA) - A rare find to the market is this semi converted wide fronted townhouse with garden and a street level interconnected garage. This is a house with lots of potential to become the family home of your dreams. PA permits in hand for the full conversion. A beautiful hallway welcomes you inside and takes you straight to a kitchen/dining room which lead to a spacious garden with two derelict rooms which used to make part of a farmhouse. Inside these rooms, one can still find original features like the well known 'maxtura' . This outdoor area has approved plans and permits for a pool and decking area. The kitchen and dining/living rooms will have glass walls overlooking the outdoors. Currently semi converted one can actually see one of the rooms which has been turned into a studio apartment housing a kitchen, dining/living room, a bedroom, walkin wardrobe and a shower/toilet. This is situated on the first floor which has a second bedroom. A beautiful landing/ hallway is full of natural light coming in through a bay window getting direct country views stretching across one of Mosta's valleys. On roof level there is a washroom with approved plans for a separate unit/ flatlet housing a kitchenette, bedroom with en-suite shower and two terraces enjoying country views. More than half way through it's final destination this project relieves it's future owners from the major hassles of a completely un-converted house and still leaves a free hand to a personal touch. All this together with its proximity to Mosta's main square this charming townhouse will surely make it to your short list
