MOSTA- In the heart of Mosta you will find this beautiful semi-detached villa in a quiet residential neighborhood being offered unfurnished. This property is set on several levels, two of which are inside the property itself the other floors leading down to the valley. You enter the property through the main entrance, walking down the stairs to the main door, on the first floor, where you will find two double bedrooms, a guest shower and a separate guest shower as well as a living/dining area and a kitchen area. You walk down to the lower floor either from inside the property or again from the main staircase outside the property to find another level having another bedroom and another room which could be used as a study/games room etc. The outside area of the property is the real beauty of it, enjoying unobstructed views of the Mosta Valley, you exit to an area with two lovely ponds filled with a variety of fish. Also in this area, there is a large stone table with chairs where one may enjoy a BBQ and a cold beer whilst basking in the sheer delight which may be felt from the beautiful views. The property levels keep going down into the valley where there are two separate gates on either side one leading to a small cove and the other into the valley itself.
