Garage (Residential) - For Sale - St Paul's Bay

St Paul's Bay - Garage - A rare opportunity to acquire a secure single garage in the highly sought-after St Pauls area, where off-street parking is at a premium. Situated within a lower basement garage block, this substantial garage measures approximately 6.2m x 3.4m and benefits from an impressive ceiling height of approximately 3.0m, providing excellent space for vehicle parking, storage, or a variety of other uses, subject to any necessary consents. The garage is conveniently accessed and offers generous internal proportions that are seldom found in such a central and desirable location. Its size and exceptional headroom make it particularly appealing to those seeking secure parking, additional storage space, or a long-term investment in an area where demand consistently exceeds supply. Garages of this scale and versatility rarely become available in St Paul's, presenting a valuable opportunity to acquire a practical and increasingly scarce asset in Malta.
