Garage (Residential) - For Sale - Zurrieq

ZURRIEQ - SEMI-BASEMENT GARAGE this spacious semi-basement 2-car garage is located in Zurrieq and offers a practical and secure solution for vehicle parking and storage. The property benefits from a well-planned layout that allows comfortable parking for two vehicles while still maintaining additional usable space for storage or small equipment. One of the key features of this garage is its high ceiling, which enhances the sense of space and allows for easier manoeuvring, as well as the possibility of installing additional storage systems such as shelving or overhead racks if required. The semi-basement level also provides a degree of protection from direct weather conditions, helping to keep vehicles in better condition over time. The garage is fully serviced with both electricity and water, increasing its functionality and making it suitable for a variety of uses beyond simple parking, such as a small workshop or storage area. Being offered as freehold, the property provides full ownership rights, making it a secure long-term investment in a residential area where garage space is highly valued and often limited. Overall, this is a well-located and versatile garage offering practicality, protection, and long-term value, ideal for homeowners or investors seeking secure parking space in Zurrieq.
